Tentative Interim Amendment

NFPA 1999

Standard on Protective Clothing for Emergency Medical Operations

2008 Edition

Reference: 3.3.54
TIA 08-1
(SC 08-7-35/TIA Log #924)

Pursuant to Section 5 of the NFPA Regulations Governing Committee Projects, the National Fire Protection Association has issued the following Tentative Interim Amendment to NFPA 1999, *Standard on Protective Clothing for Emergency Medical Operations,* 2008 edition. The TIA was processed by the Technical Committee on Emergency Medical Services Protective Clothing and Equipment, and was issued by the Standards Council on July 24, 2008, with an effective date of August 13, 2008.

A Tentative Interim Amendment is tentative because it has not been processed through the entire standards-making procedures. It is interim because it is effective only between editions of the standard. A TIA automatically becomes a proposal of the proponent for the next edition of the standard; as such, it then is subject to all of the procedures of the standards-making process.

1. *Make the following change to 3.3.54:*

3.3.54 Manufacturer. ~~The person or persons, company, firm, corporation, partnership, or other organization responsible for turning the raw materials or components into a certified product for use.~~ The entity that directs and controls any of the following: compliant product design, compliant product manufacturing, or compliant product quality assurance; or the entity that assumes the liability for the compliant product or provides the warranty for the compliant product.

Issue Date: July 24, 2008

Effective Date: August 13, 2008
